Free educators' guide to the ballet

Order early! Tickets are sold on a first-come basis.

International Ballet Exchange presents the world-class Donetsk Ballet's production of The Nutcracker in a performance exclusively for Philadelphia's school students. **We invite you to bring your students to see the Donetsk Ballet's professional dancers and our diverse youth cast in this visually rich, fully staged story ballet.** Combining exciting and varied dance, the magic of theater, timeless music, and engaging narrative, this story ballet is a great way to introduce students to the performing arts. We provide an extensive educators' guide to the ballet with pre- and post-performance classroom activities using the ballet as a context for reading, writing, and creative play.
